

The premier choice for digitizing financial signatures of Taiwan

SelfieSign Video Signature

SelfieSign Video Signature

SelfieSign combines video and e-signature to authenticate users making signatures undeniable. Documents, signatures and videos generated with SelfieSign are encrypted with HCA certification and timestamped to ensure its integrity, immutability to achieve non-repudiation signature.

SelfieSign helps hospitals to intergrade consent documents into its processing flow, pushing smart healthcare and remote healthcare by minimum cost.

SelfieSign meets the most demanding industry regulations. Since 2016, millions of people signed digital documents through SelfieSign, it has fulfilled healthcare, financial and other industries's need of electronic signature.
